REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The application is allowable as a result of an Appeal Conference. It was agreed as argued on page 8 of Appellant's Appeal Brief filed June 17, 2004 that unlike the present invention, the Asgharnejad et al patent sets forth a process that involved drying granulated microcrystalline cellulose with heated air, wherein the instant claims carries out drying of granulated microcrystalline cellulose with not hear input or at room temperature. The combination of the teachings of the Asgharnedjad et al patent with the Erkoboni et al patent, the Kumar patent, the McTeigue et al patent, or the Flanner et al patent does not make obvious this limitation of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
